Subject: "Country Chicken English"

Message: I just wanted to voice my opinion and ask a question why your Southport store has closed? Everyone in our office and more importantly me are just devastated that they have moved, there was no warning, it was just closed. It was great in Nerang Street, as you didn't have to go into Australia Fair and working nearby it was great, I had to have KFC yesterday and it was just horrible, I am really dissappointed that it has gone, I love country chicken, is there any future plans to put a country chicken in Southport?
